

Personal Invitation

EuropTec Glass Seminar 2011

September 27th - 28th

Dear Sir or Madam,

we are pleased to invite you to the EuropTec Glass Seminar 2011. Taking place in our new rooms at EuropTec Goslar, we are delighted to welcome Dr. Ralph Lohrmann from Corning Inc. who will provide us an insight into the matter of Corning® Gorilla® Glass.

Moreover lectures will impart general knowledge and professional know-how about the raw material glass and how to enhance your display performance. After having experienced an entertaining evening programm you will benefit from your newly achieved knowledge while participating in workshops with small groups covering the content of the presentations.

Register right away and we will make your hotel reservation at our favourable company rate for 65 €.

Please use **susanne.friedrichs@europtec.com** to secure a place on this course.

Presentation themes

- Corning® Gorilla® Glass
- From raw material to your valuable good
- How to enhance the Strength of Glass Products
- Bonding of Glass - Challenges and Opportunities
- Let's make display overlays invisible?
- Printing technology – Principles, possibilities and limits
- Quality requirements – Surface specifications
